OFFICIAL EVENT GUIDE

ZEPHYRHILLS WINTER AUTOFEST

COLLECTOR CAR SWAP MEET, CORRAL & AUCTION

POWERED BY CARLISLE® Events

February 19-22, 2015 | Festival Park, Zephyrhills, FL

HOURS: Thursday - Saturday 8 AM - 5 PM, Sunday 8 AM - 3 PM

From the Event Manager

Jim Brady, Director
Southeast Division

As we usher in 2015, it promises to be an exciting year filled with new opportunities and challenges. Because of our success and growth of the Florida shows, we will be moving to a larger facility for Fall AutoFest in November of this year. The new venue will be better suited to allow us to create new attractions and expand our vending, car corral and auction, as well as camping, entertainment and special displays.

This shared passion for our wonderful hobby is helping us write the next chapter in our automotive history in the Sunshine State. The AutoFest in Zephyrhills has been a benchmark in the Florida car show scene for forty years. Known for the exciting dirt track racing and eclectic swap meet, this venue has entertained legions of "motor heads" in their quest to find the parts for their projects or the car they have been dreaming of.

Our vision moving forward is to continue the traditions of the current show and add many innovative and exciting components at the new facility. We are creating a show car field where enthusiasts can showcase their rides, from rat rod to exotic, vintage to muscle car, trucks, modern classics, imports and cycles. In addition to growing our swap meet, car corral, and auction, we will be adding new food to savor and a Women's Oasis. We also have many projects in the works to provide you with best show experience possible.

Join Us In Lakeland!

WINTER
FLORIDA AUTOFEST
FEB. 25-28, 2016

— will be held at —

SUN 'n FUN®
A BRIGHTER FUTURE THROUGH AVIATION

Lakeland Linder Airport
4175 Medulla Road
Lakeland, FL 33811

As we embark on this journey, we invite our extended family of participants to join us as we create a new venue, meet great people, explore innovative ideas, and take our passion to an exciting new level. We are creating a different kind of car show, one where we share our experience and knowledge, to create an entertaining, fun, and memorable event for everyone.

From the Owners

Lance Miller, Bill Miller III and Bill Miller, Jr.

The owners of Carlisle Events personally welcome you to the 2015 Winter AutoFest, which will be our final show held in Zephyrhills. Since taking over the show in 2013, we have had incredible success thanks to all of our devoted followers. It is now possible for Carlisle Events to move the show to a larger venue in Lakeland, FL, where we can better accommodate everyone in attendance.

We are excited for everything our new home in Lakeland has to offer. There is a large selection of hotels, shopping and restaurants in the area. Inside the Sun 'n Fun complex, you can enjoy a weekend of onsite camping with much larger grounds that include bath houses. We also now have the opportunity to grow our auction to include aircrafts and RVs. Not only are we growing our exhibits, but adding some brand new items as well. There are big plans in the works to bring in car clubs, activities and special displays.

The Carlisle Events family invites you to make the move with us to Lakeland this fall. There are great things in store and we want you along for the ride.

MONDAY	
8 AM - 11 AM	Auction Office Open

Hot Rodders of Tomorrow Engine Build Competition

The Hot Rodders of Tomorrow is a high school level competition during which students compete for time and accuracy as they tear down an engine and rebuild it. Schools in Florida and the southeast regions are eligible to compete in the competition this weekend. The winning team will be invited to compete at the national finals at SEMA in Las Vegas or at the annual PRI convention in Indianapolis, Indiana. This is a great program with a lot of automotive industry support.

Competitions Take Place Friday & Saturday

Drive a Free NASCAR Simulator

Prepare for NASCAR season with a high-tech racing simulator. Get behind the wheel of a car that was *actually* raced by Kevin Harvick during the 2008 season. This Chevy Impala comes with all the bells and whistles of an actual NASCAR and best of all, inside the cockpit is a video game system unlike any you've ever seen. There's even a pit box right next to the car to help keep track of your time! The fastest time over the course of the weekend will win two tickets to the NASCAR night race at Daytona in July.

Racing Legend Milo Coleman

Meet Milo Coleman and see a replica of his 1964 Ford Thunderbolt and his recently-restored 1963 slingshot dragster. Coleman has won multiple races and championships, including being named NHRA D/Stock Class Champion. Coleman lives in the Bay Area and is looking forward to spending the weekend with his fans and followers.

Earnhardt Wrangler #3

See the stock car that was used in the ESPN original movie "3, The Story of Dale Earnhardt." This car is yellow and blue, sports Dale's famous number three with a Wrangler sponsorship on the side. Originally built as a Winston Cup short track car it was repainted and modified for filming the famous "pass in the grass" racing scene between Dale Earnhardt and rival Bill Elliott.

Historically speaking, the success of the car is a true underdog story. In the early 1980s, the Chevy Monte Carlo had an aerodynamic disadvantage. The Monte Carlo Aerocoupe was a limited production car sold in order to allow the fast-back window modification for racing. Needless to say it worked well for Dale.

See this fully restored piece of racing and Hollywood history honoring the legendary driver, Dale Earnhardt, Sr.
