First and foremost, THANK YOU for attending Corvettes at Carlisle! We understand you can be anywhere this weekend and we are grateful that you are here in Carlisle, PA for the world's largest all-Corvette car show.

ELLA AND LANCE MILLER
MEMORIAL BEACH CHALLENGE 2021

Ella, my daughter, has been keeping quite busy this summer. She's been riding horses, attending summer camps, and enjoying life. Ella is 12 now, can you believe it? If you're a parent, you know how pre-teens (and teenagers) can be. She lives on her phone, but my wife Michele and I do our best to keep her active during the summer months. The two sports she loves are track and lacrosse. I even helped coach her lacrosse team in the spring. I am thankful to have Jodi Morrison as a right wing here at work. She's afforded me much more family time and for that I'll be forever grateful.

I have been anxiously awaiting my 60th Anniversary Cunningham Corvette. I love the fact that Lingenfelter Performance is packing a little more punch into it too. After all, don't we all need a little more power to put down?

Last year was one of the most challenging years many have ever had to endure. It was extremely difficult for so many, including our business, employees, and families. This year we have been blessed with record breaking numbers for a few of our events and I hope this weekend is no different. It's great to see people coming out and enjoying the hobby again. I have high hopes that we can announce another record breaker this weekend for Corvettes at Carlisle. Once again, THANK YOU for attending.

As you enjoy Corvettes at Carlisle, please be sure to visit our vendors. They are incredibly knowledgeable and happy to share information with you. Our vendors are the heartbeat of not only Corvettes at Carlisle, but all other events that we do here at the fairgrounds. On the Fun Field, our various displays are action packed. Be sure to check out the schedule of events and don't miss some of the amazing FREE seminars. I would like to throw out a special thanks to Top Flight Automotive for their continued support as our presenting sponsor.

Other big news in the Corvette hobby this year is that Kerbeck Chevrolet was sold to the Ciocca family. The store now carries the moniker Ciocca Chevrolet. I recently met with the team at Ciocca and I am happy to share that they are in full support of Corvettes at Carlisle. If you registered for the Fun Field, enjoy the amazing shirt they've provided to you this year!

The NCRS Gallery will be special this year, as it will honor our dear friend and original organizer Elaine Raisner. Elaine passed away on December 19, 2019. She and Frank Stech worked hard each year to make the NCRS Gallery what it has become today and we are thankful for all of their support. Tim, Elaine's husband, will be helping Frank organize a special display for the NCRS Gallery this year. Elaine, we will miss you, and we'll never forget you.

Next year I am thrilled to announce that we will feature Pratt & Miller Corvette Race Cars in Building T as part of Chip's Choice. On a personal level, I am super excited about seeing these cars together, as I have never seen a display like it. 1972 Corvettes will be enjoying their 50th Anniversary and … wow, I guess that means I will be too. Yep … I'll be 50 in 2022! The 40th Anniversary of Corvettes at Carlisle will be August 25-27, 2022. What a special year it will be!

Our main objective for Corvettes at Carlisle is to ensure that everyone who drives through our gates has a wonderful time and that you want to come back again, while also sharing your experiences with friends and family. The hobby is strong and the new Corvette C8 is only making it stronger. Find some time this weekend to walk around the grounds, talk to your neighbors, speak to the vendors, and enjoy the weekend!

Again, we cannot thank you enough for being a part of Corvettes at Carlisle.

Life is good,

Lance Miller

What could be better than a relaxing three-day stay at a resort in western Nevada? How about taking a Corvette onto a race course with instruction by professional drivers? You can do all of that if you are the lucky winner of this giveaway!

One person will be awarded a $500 Visa gift card, spend three nights at the Spring Mountain Motor Resort and Country Club in Pahrump, Nevada and have access to the Level 1 Ron Fellows Performance Driving School.

ABOUT THE DRIVING SCHOOL

- What will you drive? A C7 with the Z51 option package.
- The Level 1 driving school is as much educational as it is hands-on fun. The curriculum focuses on developing your car control skills and performance driving techniques. And, so you don't feel alone or lost, there is a two-way radio with the instructor.
- This curriculum also includes dynamic car control exercises for wet surfaces, handling on oval courses versus road courses, and helps improve your driving skills visually. After all, you need to see what's in front of you at all times as well as what is beside and behind you too. There is instruction on cornering and you'll get to lead and follow the instructor while also getting open track time.
- Mind-speed and decision-making are key elements in the high performance world. All car control exercises and on-track training will help you improve your ability to process information quickly and accurately, resulting in a better coordination of eyes, hands and feet as well as improved speed and accuracy.

Approximate Retail Value of this giveaway is $4,275, air fare not included.

ABOUT CHIP MILLER

CHIP MILLER

Chip Miller was known worldwide for his resilient positive attitude, his passion for Corvettes, his tremendous personal Corvette collection, and for creating the grandest Corvette event anywhere on the planet — Corvettes at Carlisle. In December 2003, Chip was diagnosed with a little-known disease called Amyloidosis. Sadly, due to complications from the Amyloidosis, the world lost this incredibly special human being on March 25, 2004. Had Chip and his doctors been aware of the symptoms of the disease when they first arose, this legend might still be with us today.

OUR MISSION

The mission of the Chip Miller Amyloidosis Foundation (CMAF) is to empower people with the knowledge and understanding of Amyloidosis for earlier detection, ensuring a better quality of life for those afflicted with the disease and to help science find the cures.

WAYS TO SUPPORT CMAF

Your support of CMAF is greatly appreciated. Some ways you can contribute during Corvettes at Carlisle are listed below. Please visit our website, **www.chipmiller.org**, for additional fundraising events that take place throughout the year.

- **INSTANT CASH TICKETS** – Try your luck at winning cash by buying instant cash tickets at CMAF Hospitality in Building R.
- **CMAF SWAG** – Buy some CMAF merchandise in Building R. Choose from quality shirts, polos, jackets, pins, and more.

A Salute To Our Men and Women in Blue

Our team is passionate when it comes to honoring those who protect and serve. In years past, you may have seen our ceremonies saluting armed forces or first responders. This year, we are honored to recognize the men and women of law enforcement present and past.

We begin with a very special Chip's Choice display spotlighting Corvettes that are officer-owned and loved. This display brings together 11 beautiful Corvettes that are owned, driven, shown, and cared for by members of various levels of the law enforcement community. Visit Building T where these Corvettes will be on display and honoring their owners.

In addition, we will be hosting a first-ever Salute to Law Enforcement Parade. This parade will allow any officers participating at the event to do a lap around the Fun Field while we cheer them on. Led by our local law enforcement friends, we will be sure they make their presence known. Give a wave of thanks as they drive by on Friday at 2 p.m. If you are a member of law enforcement (any level, past or present) please join us in the parade! Everyone else, let's make some noise and show them that we appreciate all they do! Line up begins at 1:45 p.m. Drive your Corvette to Gate 5 and in the fenced area to Gate 6 for staging.

Finally, join us at the stage on Saturday at 12:30 p.m. for a presentation and recognition of our officers. We invite ALL officers attending the event to join us on stage. Stop by the grandstand/stage area to see a flyover from the Pennsylvania State Police. We'll also introduce our heroes both local and from across the country. Special guests include Carlisle High School resource officer and local hero Keith Seibert, North Middleton Township Officer Jeff Kolodzi and retired FBI agent Wes Wong. (Mr. Wong has the unique distinction of being one of the first responders on scene at the World Trade Centers during the 9/11 attacks). We'll also have a piper playing Amazing Grace on the bag pipes, followed by a moment of silence for fallen officers. Please join us as we recognize those who protect and serve all weekend!

SALUTE TO LAW ENFORCEMENT

We choose to stand together
Our hand to heart for YOU.
We offer you our light and praise
And bow our heads in gratitude.

Today, we are your keepers
And insist that it be known.
Today we make this promise…
YOU WILL NEVER STAND ALONE

Written By Michael Garland, Carlisle Events

2021 and 1971 were each breakthrough years. 2021 is the year we've taken our greatest strides forward in moving past a global pandemic. 1971 was a year of firsts, though it also offered a few lasts…all 50 years ago!

Corvettes at Carlisle spotlights 1971 Corvettes while also looking at some pop culture events that made the year memorable. The '71 Corvette gave us the fourth iteration of the C3. Many '71 Corvettes started their journey in August of 1970 and many of the '70 features returned. However, this was the final year for the fiber optics light monitoring system, the headlight washer system and the M22 heavy duty 4-speed gear box. The big new? Air conditioning! 53% of all orders included this feature. There were different engine specs available, but for '71 only, you could order the LS6 454 cubic inch (7.4 L) big-block featuring aluminum heads. This delivered 425 horsepower and could be ordered with an automatic transmission. Finally, some rare elements included a ZR1 special engine package. Only eight of those were ordered, while 12 enthusiasts went for the ZR2 special engine package, 188 buyers optioned for the LS6 425 horsepower engine, while 677 buyers made sure their new Corvette had shoulder belts as part of the seatbelt system in their convertible.

With such an amazing variety of '71s taking you back 50 years this weekend, let's also take a look at some of the more noteworthy pop-culture happenings.

Nixon remained President, though he was inching closer to Watergate. Walt Disney saw a long-time vision come true, as Disney World opens with tickets costing only $3.50. (Wouldn't a retro park pricing day be nice in 2021?) The space race was just as hot as the Disney summertime pavement. The United States launched Apollo 14 January 31, while the Soviet Union launched the first space station into low Earth orbit on April 19. Later in the year, Mariner 9 became the first spacecraft to enter the orbit of another planet, Mars in this case.

At least two new countries were born, as Great Britain saw Qatar and the United Arab Emirates gain their independence, while China was officially admitted to the United Nations.

Fashion was loud, while popular toys were Malibu Barbie, Tumblestone Maker, Rocking Horse, Etch A Sketch and the Game of Operation.

Musically speaking, popular acts included James Taylor, The Doors, Bob Dylan, The Who, John Lennon, Marvin Gaye, the Osmonds and Michael Jackson, while popular songs included "Knock Three Times" by Tony Orlando and Dawn, "Me and Bobby McGee" by Janis Joplin, "Maggie Mae," by a former British undertaker named Rod Stewart and "Brown Sugar" by the Rolling Stones. Amazingly, six acts just mentioned may be touring at venue near you this summer (Taylor, Stewart, an Osmond, the Who, Dylan and the Stones).

A gallon of gas cost 40 cents, the average cost of a new home was $25,250, a postage stamp was 8 cents, a movie ticket was $1.50 and in the football world, the Baltimore Colts beat the Dallas Cowboys 16 to 13 in the Super Bowl.

History of the Grand Sport

In 1996, Chevrolet decided that a very special Corvette was needed to commemorate the end of the C4 model run. It was named Grand Sport for the awesome and extremely rare 1963 Corvette racer (only five produced) and featured an Admiral Blue exterior with a full-length Arctic White stripe, two red hash marks over the left front fender, black spoke wheels and more. Only 1,000 were produced; 810 coupes and 190 convertibles, each outfitted with the high-performance 330HP LT4 engine with a 6-speed manual transmission.

Fast forward to 2010, and the Grand Sport was once again offered as an option for the sixth generation Corvette, blending the best of both worlds between a Z51 Stingray and a more performance-based Z06 but with the excellent street manners of an LS3 6.2 liter V-8 with 436HP.

When the iconic and world-class C7 Stingray was released in 2014, many were disappointed that a Grand Sport (GS) variant was not on the option list. Thankfully, Chevrolet responded with a 2017 release that offered GS coupes and convertibles with a 460 HP LT1 engine and a wide array of options and color schemes, including a heritage version harking back to the 1996 model.

About the GSR

The Grand Sport Registry spearheaded this year's 25th Anniversary Celebration with special guest John Heinricy. The Grand Sport Registry is an active automotive enthusiast organization with approximately 800 members dedicated to all things related to the Corvette Grand Sport. Its mission is to help owners and enthusiasts get more enjoyment out of their Corvettes by sharing information and participation in local and national Corvette events. The group is a Lifetime Club Member of the National Corvette Museum (NCM) and Two-Acre Member of the NCM Motorsports Park. While its focus is on all generations of the Corvette Grand Sport, GS ownership is not required for membership. In addition to a huge Grand Sport area on the Fun Field, the GSR is hosting a welcome party for its members, co-sponsoring the Chip Miller Amyloidosis Foundation Benefit Dinner, and participating in the downtown Carlisle parade.

John Heinricy

Heinricy is no stranger to Grand Sport fans, as he is the former owner of the first 1996 Grand Sport off the line…an iconic Z51 coupe which carries VIN #0001. This very special Corvette will be on display under the tent at the Grand Sport area. To the faithful he's known

Carlisle Events extends a grateful "thank you" John "Hutch" Hutchinson and Marueen Waller for their time, work and dedication to this very special event.

as the “Father of the Grand Sport,” working as the Assistant Chief Engineer for Corvette and Director of the GM Performance Division during the time of its production. Not only will he be available for guests to mix and mingle with, he’ll make a special appearance at the Grand Sport Registry tent, be part of the Chip Miller Amyloidosis Foundation Benefit Dinner and he’ll be downtown in Carlisle with the Corvette parade and street party.

A job title and the first car of its kind only scratches the surface of Heinricy’s resume. An inductee into the NCM Corvette Hall of Fame, John has won 11 SCCA national championships driving a Corvette, was intimately involved in developing the Corvette showroom stock racing program and the Corvette Racing C5R effort. He was a key member of the team that set 12 international world time / distance speed records, averaging as high as 175.885mph over a 24-hour period. Most recently, “Heinrocket” set multiple lap records in a Cadillac CTS-V at tracks in China and the Middle East.

John will be signing autographs and doing a Q&A. See schedule for times and locations.

The NCRS GALLERY XX is a "must see" for everyone who attends Corvettes at Carlisle. This is one of the best group of cars we have ever put together.

This is a special year – we are honoring Elaine Raisner. Elaine and Frank Stech co-chaired the NCRS Gallery for 19 years. Unfortunately, Elaine passed away in December 2019. Elaine and Frank worked hand and hand with the Carlisle staff to make the gallery a success, she will be sorely missed.

Another member who will be missed is Kim Crookham. She passed away in May 2021 when she lost her battle with cancer. Kim was active in the chapter, working in the gallery and the "Run for the Ribbons" chapter show. When Kim entered the room, you knew you were in for a great time. Kim will be missed by all who knew her.

The NCRS Gallery is an invitational collection of Corvettes of merit that exemplify what NCRS is all about. Carlisle Events sponsors the Delaware Valley Chapter of the National Corvette Restorers Society in presenting this annual exhibit to provide a deeper insight into NCRS's purposes, which are the preservation, restoration and enjoyment of Corvettes produced during the years of 1953-2002.

The NCRS Gallery XX exhibit is extraordinary and a must-see collection of great Corvettes. A Pristine Black 1957 represents the NCRS Duntov Mark of Excellence Award. A beautiful bright red 1991 C4 that has the NCRS McLellan Mark of Excellence Award. These are just a few examples of this year's display. NCRS Judging Classes and Awards will be represented. Be sure not to miss this phenomenal collection of Corvettes and experience the NCRS Gallery XX firsthand.

ED SCHMITT

In the mid 80's, with the Corvette only producing 230hp, Chevrolet was looking for a way to compete with upcoming competition from Japan and the Dodge Viper. Dave McLellan, Corvette Chief Engineer, took a two-pronged approach to develop a higher-powered Corvette. The plan was to simultaneously develop a 32 valve naturally aspirated engine along with a turbo charged engine. Dave asked Reeves Callaway to develop a turbo charged Corvette that could be sold through Chevrolet dealers with a factory warranty.

Callaway Cars developed the Twin Turbo Corvette that was released in 1987. Power for the 1987 Twin Turbo Corvette was 345hp and 465 lb/ft torque which grew to 403hp and 575lb/ft in 1991, the last year of production. What was originally believed to be a run of 50 cars, turned out to be a production of approximately 510 cars from 1987-1991.

As the production of the L98 engine was coming to an end in 1991, Callaway worked to develop a naturally aspirated version of the new LT1 and LT5 engines. Callaway termed this the SuperNatural Corvette with horsepower ranging from 400hp to 490hp depending on engine. Callaway produced approximately 116 SuperNatural Corvettes between 1992-1996.

While working on the Twin Turbo Corvette program Reeves set out to break the top speed record for a production car. To achieve this top speed record, the aerodynamics of the Corvette had to be improved. Reeves along with designer Paul Deutschman developed the Aerobody package installed on the car they called the Sledgehammer. In 1989 the Sledgehammer set the record for a production vehicle at 254.76mph.

It is estimated that Callaway produced 125 Aerobody cars during the C4 production run. While the Callaway Aerobody cars are rare, with only 125 produced, the cars in this display are some of the rarest Aerobody cars. **Located in a tent near Gate 3 (see map).**

OFFICIAL GIVEAWAY SPONSOR

CIOCCA CORVETTE

Gregg Ciocca bought his first car for $700 – cleaned, serviced, and reconditioned it in the family garage – and sold it for profit. Nearly five decades later, the Ciocca name is on 24 dealerships and has satisfied countless customers throughout Pennsylvania and New Jersey.

The Ciocca story starts in the 1970s when Gregg, a northeast Philadelphia native raised by his mother, began buying cars from people's driveways and wholesaling them at auctions. As he learned the ins and outs of the business, Gregg opened his first used car lot in 1980. One location quickly turned into seven. In 1993, Gregg purchased his first new car business – a Ford dealership in Quakertown, Pennsylvania.

"I've always had a passion for cars. I just love them, and I knew immediately that this was what I wanted to do." Today, Gregg is the proud owner of 24 dealerships with 16 unique brands including Ford, Subaru, Mercedes, BMW, Honda and most recently expanded into the Atlantic City market with the acquisition of Chevrolet in Atlantic City – which is currently celebrating its 27th straight year as the world's largest Corvette dealership. Ciocca is excited for the opportunity to be involved with the Corvette community and cites this as an iconic, once-in-a-lifetime acquisition.

Ciocca's undying focus on excellence and commitment to their customers is unmatched. They want you to not only love the car you walk out with, but be 100-percent satisfied with the purchase process.
