As fast as the all new Z06 is, it doesn't compare with the speed of how fast time flies. Here we are again for Corvettes at Carlisle! I can't thank you enough for spending it with us. The Carlisle Events team puts in substantial hours to ensure our events are one of a kind and I truly hope you enjoy yourself.

Lance's Corner is a personalized note from yours truly. My father, Chip, started this tradition many years ago and I decided to follow-suit. I enjoy sharing what my family and I've been up to for the past year. Plus it's fun to look back and jog my memory.

Ella, my daughter, turned 14 this year and continues to mature daily. Being on the Honors Society she loves school and always does a great job at everything she's focused on. Her latest passion has been volleyball and track, what great sports for Michele and I to watch and enjoy. We've also found out she's extremely fast in her sprint races – she's accomplished multiple school records this year. Again, another fun sport to spectate. She's really blossoming into an amazing and very beautiful young lady that we're exceedingly proud of; parenting has been a joy. Of course, I'm forever grateful to have Jodi Morrison help run and assist Corvettes at Carlisle as it provides me with plenty of time to enjoy with my family.

Our family adopted a kitten, Malibu, so that's been awesome. She's such a cool cat. This cat enjoys sharing love throughout. She also LOVES to play hard, which I adore. We've all been having a blast with our latest addition to the family. Speaking of a new addition, I was fortunate to purchase a new Corvette Z06 from Ciocca Chevrolet. WHAT A CAR!!!!

During this event please be sure to visit the vendor area. There are plenty of products for your Corvette(s) available. The vendor base is extremely knowledgeable and happy to share information with you. The vendors are the heartbeat to Carlisle Events and we hope you find time to visit them and help support them. The various displays this year will be action packed, so be sure to check out the schedule of events and don't miss some of the amazing free seminars available throughout the event. I'd like to throw out a special thanks to Ebay Motors and American Collectors Insurance for their partnerships.

It's the 100th year of Le Mans! I felt strongly we needed to host something to celebrate this

LANCE, ELLA, MICHELE & JUDY MILLER

achievement. Chip's Choice features vehicles that have Le Mans history one way or the other. Please be sure to take some time to visit this special display of cars drenched in Le Mans history. It also includes a very special group of Callaway Racecars chosen by our dear friend, Reeves Callaway. This is the first time all three of these cars have been together and we were fortunate to work with Reeves,

Callaway Cars, Inc. and the owners to bring them together. We will honor his memory and devotion to Le Mans history and Corvette racing.

I was deeply saddened when I heard the horrible news about Reeves Callaway passing away. He was a lifelong friend and icon in the automotive hobby. I'll cherish the many conversations we had together, not all about cars but life. He was one of a kind and I'll miss him dearly. The engine revs on Saturday should be special, be sure to join us!

Speaking of great "must see" displays, don't miss the NCRS Gallery as it features some of the best Corvettes that went through the NCRS judging platform. Hats off to Tim Raisner and Frank Stech who help organize this special display for the NCRS Gallery. The 50th Anniversary display of 1973 Corvettes will be one you won't want to miss. A very special thanks to Joe Clemente.

Our main objective for Corvettes at Carlisle is to ensure everyone that attends the event has a wonderful time. It's our profession and we take it seriously. Our goal is to ensure everyone that attends wants to come back year after year and hopefully pass along your experience to your friends and family. On behalf of the Carlisle Events team – THANK YOU for attending. We are fortunate to have a job that is also a hobby that we adore. Enjoy your time here and feel free letting us know how we can make your visit more enjoyable by visiting our website and providing us with your feedback. It's the only way we can improve. For now, get out there, walk around and talk to your neighbors, speak to the vendors and enjoy the weekend!

Next year we will host a Corvette Challenge Car and Race Reunion. The Chips Choice theme will be announced after this year's event. Again, we can't thank you enough for being a part of Corvettes at Carlisle.

Life is good,

Lance Miller

What could be better than a relaxing three-day stay at a resort in western Nevada? How about taking a Corvette onto a race course with instruction by professional drivers? You can do all of that if you are the lucky winner of this giveaway!

One person will be awarded a \$500 Visa gift card, spend three nights at the Spring Mountain Motor Resort and Country Club in Pahrump, Nevada and have access to the "2-Day Intro to Open-Lapping/Level 1" at the Ron Fellows Performance Driving School.

ABOUT THE DRIVING SCHOOL

The Intro to Open-Lapping program is designed for all experience levels. By focusing less on Corvette electronics and more on universal car control and cornering techniques, you'll experience even more track time and an introduction to open-lapping. With open-lapping, you'll learn how to safely and properly pass other drivers without being guided by your instructor, ultimately preparing you for your first track day! This course provides you with performance driving skills that you can use in any vehicle. Highlights: intro to open-lapping, right-seat instruction, intro to Cosworth Toolbox with PDR use and review, student lead/follow track sessions, instructor lead/follow track sessions, competitive autocross, and performance braking, shifting and serpentine exercises. Total event giveaway value is approximately \$4,595.00.

CHIP MILLER AMYLOIDOSIS FOUNDATION

ABOUT CHIP MILLER

CHIP MILLER

Chip Miller was known worldwide for his resilient positive attitude, his passion for Corvettes, his tremendous personal Corvette collection and for creating the grandest Corvette event anywhere on the planet — Corvettes at Carlisle. In December 2003, Chip was diagnosed with a little-known disease called Amyloidosis. Sadly, due to complications from the Amyloidosis, the world lost an incredibly special human being on March 25, 2004. Had Chip and his doctors been aware of the symptoms of the disease when they first presented, this legend might still be with us today.

OUR MISSION

The mission of the Chip Miller Amyloidosis Foundation (CMAF) is to empower people with the knowledge and understanding of Amyloidosis for earlier detection, ensuring a better quality of life for those afflicted with the disease and to help science find the cures.

WAYS TO SUPPORT CMAF

Your support of CMAF is greatly appreciated. Some ways you can contribute during Corvettes at Carlisle are listed below. Please visit our website, chipmiller.org, for additional fundraising events that take place throughout the year.

- **CORVETTE SWEEPSTAKES & RAFFLE** See next page.

- **CMAF SWAG** Buy some merchandise at the CMAF Tent. Choose from quality shirts, polos, jackets, pins, and more.
- **BENEFIT DINNER** This annual fundraising event is held on Friday evening during Corvettes at Carlisle at the Carlisle Expo Center. Enjoy a buffet-style dinner, the opportunity to mingle with Corvette dignitaries, guest speakers, a silent auction, door prize and, of course, Corvettes!

IN LOVING MEMORY: REEVES CALLAWAY

On July 11, the Corvette community lost a very special man, Ely Reeves Callaway III, the founder and CEO of Callaway Cars. He was 75. Reeves has been a long-time supporter of Corvettes at Carlisle and to say that we are saddened by his passing would be an understatement. It seems like an impossible task to memorialize such a man. How do you encompass all that he was and all that he meant to us and to the hobby? We will do it the only way we know how... with Callaway Corvettes.

REEVES CALLAWAY DURING CORVETTES AT CARLISLE 2007

market turbo kit for BMW, which renowned automotive journalist Don Sherman reviewed favorably that year in *Car and Driver*. The rest was history as Reeves, a Formula Vee champion driver prior to becoming a constructor, moved with his customary speed to open Callaway Cars' first headquarters in Old Lyme, Connecticut.

Over the four decades since, Reeves and Callaway Cars have continued to earn top accolades from media, the automotive industry, and the global motor-sports world as a pioneer

In the few weeks prior to his passing, we were working on a project with Reeves. His hope was to have all three of his Callaway Race Cars together for the first time. He had planned on speaking on this incredible display in a seminar entitled "Le Mans for Americans: Tales of the Callaway Corvettes in Europe and France 1994-2001". We are pleased and humbled to have the opportunity to honor Reeves with this display. "Reeves was super excited to have all three of his Le Mans race cars featured together for the first time anywhere. Reeves will be missed but I know he'll be smiling down looking over this very special display that he envisioned and created" said Lance Miller.

See and read about the three Callaway Le Mans cars on page 25 then visit them in Building T where they are on display.

The following was provided by callawaycars.com:

Reeves was a legendary figure in the world of high-performance automobiles. Entirely self-taught, Reeves founded the company in 1977 from his garage in Old Lyme, Connecticut.

His first product success was an after-

of "Powerfully Engineered Automobiles". His unique performance and design innovations have delivered track and road-going successes for global marques, including BMW, Alfa Romeo, Aston Martin, Land Rover, Mazda and General Motors, who looked to Callaway's innovation, creativity, agility, and performance to help accomplish their goals.

Reeves is perhaps best known for his work with Corvette, a deep and high-level relationship with the American sports car manufacturer that began in 1987.

The first son of Ely Reeves Callaway, Jr., the founder of Callaway Golf, and brother of publisher Nicholas Callaway, Reeves proudly epitomized the entrepreneurial Callaway family tradition of making the finest goods that enhance an individual's enjoyment,

performance and lifestyle.

A true gentleman, he was the devoted father of four and grandfather of two.

His large circle of friends, colleagues and admirers around the world will mourn his passing and miss him deeply.

35TH ANNIVERSARY CALLAWAY DISPLAY CORVETTES AT CARLISLE 2022

Join us at the stage on Saturday at 3 p.m. for a very special seminar in remembrance of our dear friend Reeves Callaway.

Chip's Choice Display

Chip's Choice is an annual display featured in Building T. Named after our late company co-founder and National Corvette Hall of Famer Chip Miller, this display embodies the best-of-the-best in the Corvette hobby. A different theme is chosen each year and the cars are hand-selected by Lance Miller.

For 2023, Chip's Choice shines a spotlight on 100 Years of Le Mans, specifically the Corvettes that raced the famed circuit. This gallery includes some cars and stories that you're aware of, but also welcomes some cars and stories that maybe aren't as familiar to you.

CHIP'S CHOICE #420: 1962
STEVE LEITSTEIN

This is the only Corvette that ran at Le Mans in 1962. It was the team car for Scuderia Scirocco Race Team from Modena, Italy. Tony Settember and Jack Turner drove the car, which performed well until a shifting error at the 11-hour mark damaged the transmission. The engine ultimately expired after 14 hours.

CHIP'S CHOICE #418: 1960 CUNNINGHAM
IRWIN KROIZ

This is one of three of the Briggs Cunningham Corvettes that raced in the 1960 24 Hours of Le Mans in France, carrying the number "3". It was the first Corvette to ever win its class at Le Mans. This car was obtained by Chip Miller (founder of Corvettes at Carlisle) who had it restored by Corvette Repair Inc. It's featured in a documentary entitled "The Quest."

CHIP'S CHOICE #421: 1963 "GULF ONE"
JOHN JUSTO

This was the most successful of 14 regular-production Corvettes whose serial numbers were specifically assigned to competition cars before Chevrolet announced RPO Z06's availability. It was delivered from Yenko Chevrolet to Grady Davis, Gulf Oil's executive VP of research and development.

CHIP'S CHOICE #419: 1960 CUNNINGHAM
JAY DEWING

This is one of three of the Briggs Cunningham Corvettes that raced in the 1960 24 Hours of Le Mans carrying the number "1". It is currently owned by Briggs Cunningham's grandson, Jay. The vehicle was restored by Corvette Repair Inc. to showcase exactly how it looked for the race in 1960.

CHIP'S CHOICE #422: 1968 L88 DX
IRWIN KROIZ

After winning Sebring in March of 1968, this Corvette was to be a contender at Le Mans. However, the race was postponed from June to September due to student protests about varying issues and during that time the car was sold and not taken to France by the new owner. It changed hands a few times and was finally restored by Corvette Repair Inc. to it's Sebring race livery.

CHIP'S CHOICE #423: 1968 NART CAR
ANTHONY GERACI

This successful NART (North American Racing Team) race car, "The Rebel" was invited to compete in the 1972 24 Hours of Le Mans but, unfortunately, due to the rule that stated "...any GT-class entrant must use a majority of factory parts or original-style equipment" it did not qualify to race. A wrecked car was obtained and built for the race and it ended up finishing 15th.

CHIP'S CHOICE #424: 1994 CALLAWAY LM #001
JOHN KYLE II

A Callaway competition team car affectionately known as "Frieda" earned pole position GT2 with Boris Said as its driver. It led it's class but unfortunately finished with a DNF. It entered again in 1995 and earned 2nd in the GT2 class and 9th overall, making it the highest-finishing Corvette at LeMans since a 8th place win in 1960.

CHIP'S CHOICE #425: 1997 CALLAWAY
JOHN KYLE II

The Callaway C7 was a completely new, purpose-built car designed to embody the company's motto: "Powerfully Engineered Automobiles", carrying on the visual tradition of design by Paul Deutschman and offered in a limited production series. The C7 was the first complete, bespoke Callaway Automobile.

CHIP'S CHOICE #426: 2001 CALLAWAY C12R #001
JOHN KYLE II

It's first time on display in the U.S.A. with a fresh restoration by one of the constructors, this featured Callaway raced at LeMans in 2001. It started strong and sat on the GT2 pole and led its class but ultimately DNF due to an engine heating issue.

***SPECIAL NOTE:** This is the FIRST TIME all three Callaway race cars have been displayed together.

Cunningham Display Building T

For the 60th anniversary of the Corvette's win at the 1960 24 Hours of Le Mans race in France, Cunningham Automotive created 60 60th Anniversary C8s.

The people who own the three 1960 Cunningham race cars were offered the opportunity to buy the first three serial numbers.

See one of these 60th Anniversary Cunningham Corvettes in Building T along with a new Briggs Edition C-8 100th Anniversary that is being unveiled during the event.

As we spotlight the 50th Anniversary of the 1973 Corvette, let's look back at 1973 itself. What was happening, what was popular, and who was doing what. Let's take a trip back in time.

The C3 is still going to be a thing for another few years, but this time it rolled out with significant changes over what was offered in '72. After all, '73 marked 20 years of the Corvette, so why not a mid-cycle refresh?

Consumers saw for this year, and only this year, a chrome bumper affixed to the rear. In addition, the vacuum-operated windshield wiper panel was gone and the hood was extended to obscure the wipers. Fender flairs extended out to give the profile a more aggressive look and radial tires, steel door beams, lap and shoulder belts, and safety bumpers were equipped to meet increasing federal safety standards. The base small-block L46 V8 engine coughed out 190 horsepower, while the L82 small-block managed slightly better with 250 horsepower. Finally, the LS4 pumped out 270 horsepower. There were many more changes, but those are the highlights.

Some of the more noteworthy pop-culture happenings included:

- The US ends its involvement in the Vietnam War

- The Cold War between the UK and Iceland
- The Alaska Pipeline project is green-lit
- Now the iconic symbol of Sydney Harbor, the Sydney Opera House opens
- First hand-held phone is invented
- Vodka outsells Whiskey in the US for the first-time ever
- Hollywood stars Neil Patrick Harris, Seth MacFarlane, Jim Parsons, and Mario Lopez were born.
- Bruce Lee, Pablo Picasso, Jim Croce, Bobby Darin, Lyndon B. Johnson, and Betty Grable died.
- American Graffiti, Enter the Dragon, the Exorcist, and the Sting were popular draws at the box office.

Kiss and AC/DC played their first concerts, while Bruce Springsteen, Aerosmith, and Queen released debut albums. If that isn't enough for you, Pink Floyd's Dark Side of the Moon also dropped.

The retail price for a gallon of gas averaged 39 cents, the minimum wage was \$1.60 per hour, and an ounce of gold cost \$106.48. In the sports world, the Oakland A's beat the NY Mets in the World Series and Miami beat Washington 14-7 in Super Bowl VII.

The Delaware Valley Chapter of the NCRS and Corvettes at Carlisle are excited to present a spectacular collection of Corvettes this year. The National Corvette Restorers Society Gallery XXII is a great place to meet Corvette enthusiasts and to learn about the NCRS organization. This is our 22nd year and our dream lives on. We hope you enjoy this year's collection.

The NCRS Gallery is located in the big white tent next to Building R, between gates 2 and 3. This is one of the most outstanding collections of Corvettes we have ever put together.

The NCRS Gallery is an invitational collection of Corvettes of merit which exemplify

what the NCRS is all about. Carlisle Events sponsors the Delaware Valley Chapter of the NCRS to present this annual event. It provides a deeper insight into the purpose of the NCRS, which is the preservation, restoration and enjoyment of Corvettes produced from 1953 – 2004.

The NCRS Gallery XXII exhibit is extraordinary and a "MUST-SEE" collection of great Corvettes, which includes but, not limited to, a pristine Riverside Red 1963 split window coupe and is a several time "Top Flight Award" winner as well as a beautiful Silver Beige 1982 Limited Edition, T-Top, "Top Flight Award" winner, we also have the number 54 Corvette built in 1953, this 1953 Corvette that has received a "Top Flight award". These represent some of the NCRS judging classes and award recipients in this year's display.

While you are at Corvettes at Carlisle, be sure to visit the NCRS Gallery XXII to see and experience this phenomenal collection of Corvettes. Ask us how to join the NCRS while visiting our Corvette display.

We thank Carlisle Events for their ongoing support of the NCRS Gallery each year.

CIOCCA CORVETTE

WORLD'S LARGEST ALLOCATION
OF NEW CORVETTES

CIOCCA CORVETTE

Gregg Ciocca bought his first car for \$700 – cleaned, serviced, and reconditioned it in the family garage – and sold it for profit. Nearly five decades later, the Ciocca name is on 42 dealerships and has satisfied countless customers throughout Pennsylvania and New Jersey.

The Ciocca story starts in the 1970s when Gregg, a northeast Philadelphia native raised by his mother, began buying cars from people's driveways and wholesaling them at auctions. As he learned the ins and outs of the business, Gregg opened his first used car lot in 1980. One location quickly turned into seven. In 1993, Gregg purchased his first new car business – a Ford dealership in Quakertown, Pennsylvania.

"I've always had a passion for cars. I just love them, and I knew immediately that this was what I wanted to do." Today, Gregg is the proud owner of 42 dealerships with 25 unique brands including Ford, Subaru, Mercedes, BMW, Honda and Porsche.

Ciocca Chevrolet, home of America's Corvette Dealer, is excited to be named Chevrolet Dealer of the Year for 2022.

Ciocca's undying focus on excellence and commitment to their customers is unmatched. They want you to not only love the car you walk out with, but be 100-percent satisfied with the purchase process.

Rasheem Gonzalez 2022 Corvettes at Carlisle People's Choice Best of Show Winner Driven by Aerolarri Wheels

By Julia Fulton, Carlisle Events

RASHEEM'S 2023 2LT IN SEBRING ORANGE

AEROLARRI ENGRAVED WHEELS

Annually at Corvettes at Carlisle, we showcase a select group of Corvette owners who reached the finals of our People's Choice Best of Show online competition presented by Aerolarri Wheels. Rasheem Gonzalez was the winner of the 2022 competition and took home the prestigious title and prize pack.

Rasheem's love was instilled in him by his family and the community in Bridgeport, Connecticut, where he grew up surrounded by car culture. His passion led him to build a diverse car collection, ranging from Mustangs to BMWs to Mercedes.

Rasheem now lives in Ansonia, Connecticut working at his self-founded company, Bizarre Sports Memorabilia. Along with his passion for cars, he has a knack for collecting sports cards. He transformed his childhood interest into a successful business that has allowed him to meet famous athletes like Jerry Rice and collaborate with the New York Jets.

While Rasheem always had an appreciation for Corvettes, it was his Uncle Dayomas Hamilton's purchase of a Yellow C7 Convertible that ignited his interest. After seeing a rendition of the 2021 C8 and witnessing it at the 2019 Las Vegas Auto Show on YouTube, Rasheem fell in love with it. He decided to build his own and after nearly two years, finally became a proud owner of a Corvette that's truly one of one; a 2021 2LT Sebring Orange C8.

Both Rasheem and his uncle loved the car he created. Sadly, Dayomas passed away from COVID two years ago but his love for Corvettes lives through Rasheem. Rasheem has traveled to car shows all around his region and has received almost 80 awards for his C8. At many of the shows, car enthusiasts described Corvettes at Carlisle as a must, so he decided

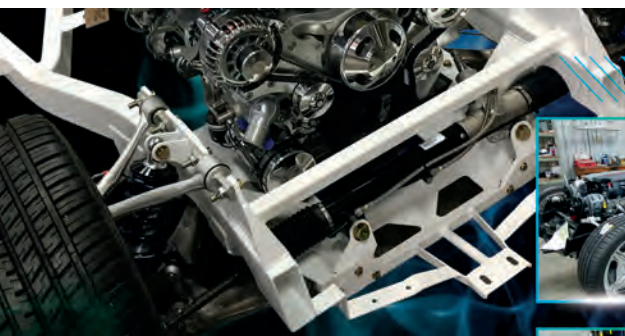

he needed to check it out for himself. Not only was 2022 Rasheem's first trip to Carlisle, but it was also his first time showing his Corvette at such a large-scale event. Low and behold, he won a major award!

Rasheem's inspiration for competing in the People's Choice/Best of Show was entirely to pay tribute to his uncle. He had no expectations of winning and entered out of respect for his uncle's appreciation of Corvettes. Rasheem recalls the competition as a slow start but then quickly sped up and the next thing he knew he was heading to Carlisle and the finals. "I remember the moment when they started announcing the runners-up, focusing on older, classic Corvettes. At this point, I was a little uncertain about the outcome. Before I knew it, I was being called as the winner and my emotions absolutely took over."

If you were there to see it, you knew this was a special feeling of joy and disbelief for him. Mix in the legacy of his uncle being honored and his love for the sport being truly appreciated, it truly was an unforgettable moment.

"I firmly believe my uncle allowed this to happen. He made sure that we won collectively!"

So...not only does Rasheem get this full-length piece detailing his story, but he also got a SWEET pair of custom Aerolarri wheels from its head guru, Chet. Chet worked with Rasheem every step of the way, allowing him to pick the style and look that fit his Corvette, plus engraved Corvettes at Carlisle Best of Show 2022 into the wheel itself. These one-of-a-kind wheels are a perfect match for a one-of-a-kind Corvette; always reminding this one-of-a-kind guy about his special moment.

THE WEST COAST COMES TO CARLISLE Sigala Designs Takes the Stage in 2023

By Jodi Morrison, Carlisle Events

SIGALA DESIGNS CORVETTES

In August of 2022, Ernie Sigala packed up his entire family and started his cross-country journey from California to Carlisle, Pennsylvania. This would be his first trip to Corvettes at Carlisle. Unsure of what to expect, it didn't take long for him to realize that this was a place he needed to be! Ernie's wife, Wendy, remembers it well! "I just remember SO MANY Corvettes! It was amazing to be able to meet all of our East Coast customers for the first time. None of us had ever been to the East Coast and it was like coming home to family!" Ernie returned to California exhausted but knowing he would be back- bigger and better!

Sigala Designs is a manufacturer and distributor of carbon fiber and fiberglass parts and supplies. Taking a Corvette enthusiasts dream idea and turning it into a tangible product is what they do best. Custom prototypes, one-off custom parts and/or full production are all within Sigala capabilities.

Ernie Sigala and his family have developed a reputation for building enthusiasts' cars that surpass the performance of some of the most expensive and exclusive vehicles in the world. They are quite literally...Corvette Dream Makers!

Sigala Designs returns in 2023 with Ernie, his wife Wendy and sons Alex and Adrian. They host a bigger footprint, new products and a few surprises up their sleeves including an all new C8 Z06 Aero package! In addition to incredible product and incredible availability, the Sigala team will provide installations during the event and host a seminar on how to build YOUR dream Corvette on Saturday at 1 p.m. in the Hospitality Tent.

Join the team at the stage on Friday at 11 a.m. as they UNVEIL a very special Corvette. We guarantee you've never seen anything like this one-of-a-kind C8!

Engaging Corvette Car Owners and Veteran Advocates to Unite Their Passions to Aid Veterans in Need

By Jodi Morrison, Carlisle Events

Every few years, Corvettes at Carlisle invites our guests to participate in a very special display ... the Corvette American Flag! Following the creation of a beautiful sea of red, white and blue Corvettes, we take some time on the stage to honor and remember our Veterans. We salute them.

This year, we are going to do something a little different. We want to do more than just talk about our Veterans — we want to give back.

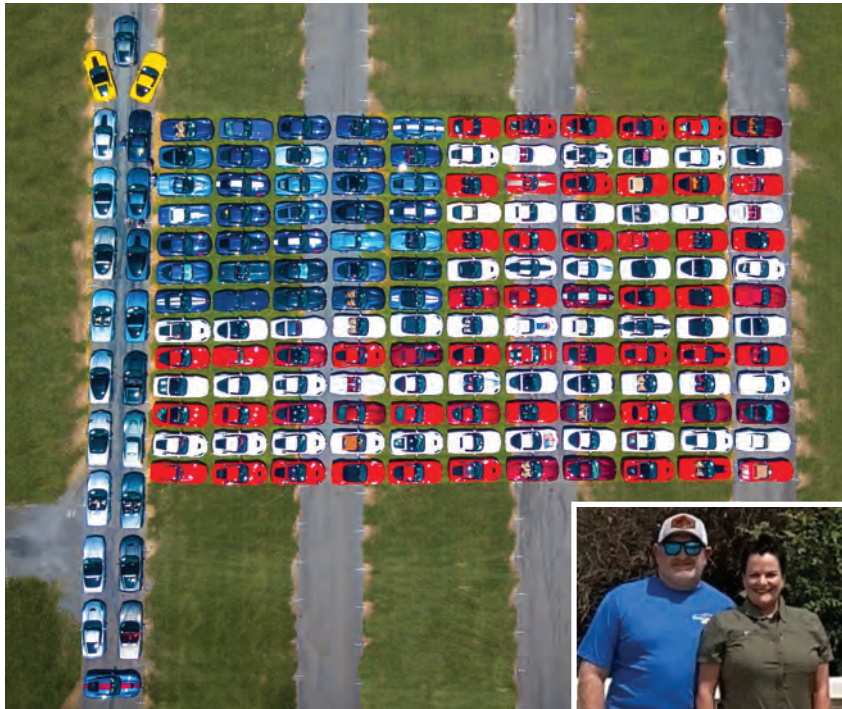

Vettes for Vets was established in Charleston, SC in 2021 by decorated Marine veteran, small business owner and Corvette-owner and enthusiast, Jason Dore. Dore and wife, Charlotte, along with friend, Jamie Dever and her husband, Jeff, engaged their passion for Corvettes to fuel their desire to aid veterans in need and established Vettes for Vets. Fast forward to 2023, and it is now a recognized 501(c)(3) that strives annually to give back to the military community by selecting a veteran in need and providing new roofing, home

repair services/remodeling, dental/vision care, meals, and/or cash!

Vettes for Vets is proud to represent 1,000 plus members. This membership consists of national as well as international members. With growing interest and support, Vettes for Vets is proud to announce their mission expansion in 2023, to five additional states, enabled through respective local Corvette Clubs in: Florida, Georgia, North Carolina, Tennessee, and the National Capitol Region of Virginia and Maryland. Why wouldn't the home of the largest Corvette show in the world not have a chapter that could do so much for our Veterans? This is your chance to help!

Join us at the stage on Saturday at 11:30 a.m. as Jason Dore, Founder of Vettes for Vets offers you the chance and information you need to help. Jason will also offer a seminar and Q&A, Saturday at 2 p.m. in Building R.
