JOE ZOLPER

GORDON DAVIS

DIRAN YAZEJIAN

DAVE REA

Joe Zolper

Joe Zolper is the lead mechanic on MotorTrend TV's *Garage Squad*, but he's also a pretty serious Mopar guy. When Joe isn't filming there's a pretty good chance you'll find him racing or wrenching on his blown alcohol '69 Daytona Pro Mod or his blown alcohol '68 GTX. Growing up on his grandfather's farm, Joe has always been hands on with anything mechanical. Joe opened his own shop, Prison City Choppers & Customs, at 23 and has built numerous award-winning vehicles. Joe likes to give back and that's a big part of why *Garage Squad* is so important to him, but he also speaks at high schools and teaches the occasional shop class.

Gordon Davis

Gordon Davis is here as part of a Forward Look celebration. Gordon will be in Building R (near Gate 2) as part of the Forward Look Network's annual gathering at Carlisle along with about 50 cars from the Forward look era. Gordon was hired by Director of Design, Virgil Exner, at the beginning of the Forward Look era. He contributed to the turbine concept designs and Virgil Exner's XNR, which influenced the early '60s vehicle lineup. He later designed the "jewelry" for the 1959 DeSoto. After his time with Chrysler, Gordon moved on to American Motors and also designed motorcycle and auto accessories, construction equipment and RVs.

Diran Yazejian

Diran Yazejian is also part of the Forward Look Network's annual gathering at Carlisle. Diran will also be around Building R. Diran's love of cars began as a child, and after serving in the U.S. Army, he attended Art Center School (now Art Center College of Design). He was hired by Chrysler upon graduation where he went to work in the Chrysler-DeSoto Exterior Studio. He transferred to Dodge in 1962 and was later part of the team that designed the '68 Charger. Outside of the studio, Diran can be found in his garage doing restorations on his own Mopars.

Dave Rea

Dave Rea will be signing autographs, meeting fans, and participating in the Restorers' Roundtable seminar. He owns DB Restorations, LLC, a Mopar-only restoration shop in Cottage Grove, Oregon that specializes in 1968 to 1972 Mopar muscle cars and trucks. He is a self-taught automotive restoration technician with more than 30 years of experience. He was featured on five seasons of a popular Mopar restoration television show on MotorTrendTV which helped him fine tune his skills in the field. See schedule for times and locations to meet Dave.

The Ramchargers

In 1959 a group of engineers from Chrysler Corporation began to participate in the nation's new craze, "drag racing." They started with a 1949 Plymouth business coupe and by the 1960 race season named themselves Ramchargers after the "long-horn" intake manifold that powered the early Chrysler 300 series. In 1963 the Ramchargers became nationally famous with two factory-sponsored team cars, each using an automatic transmission. They were pioneers on the track and in the office and truly are legends in the Mopar world.

The Golden Commandos

The Golden Commandos are a group of former Chrysler Corporation employees composed of engineers, technicians and mechanics that began racing under the Plymouth banner in 1962. They were the first to break into the 11s and were very successful on the racing circuit. We're honored that the Golden Commandos have chosen to make the Carlisle Chrysler Nationals an annual stop on their schedule. They love meeting their fans and talking about the glory days of racing. They will be available to sign autographs and meet with fans all weekend.

Collectable Diecast

This year's diecast is truly unique because it's based on a one-of-a-kind '71 Charger. We're ticking several boxes this year: Old Skool Paint, Celebrate '71, the first time we've offered a '71 Charger and the first time we've replicated one of our featured vehicles (Old Skool Paint Display in Building T). Because the graphics are complex enough in full scale, replicating them in 1:64 scale created some challenges for the folks at M2. Tests were done and prototypes were made until they were able to get it spot on. These collectibles cost \$15 each, limit six per person. Check at The Carlisle Store in Building T for availability.

Thursday Kick-Off Party

Everyone is invited to this free party hosted by Mopar Rebellion at the Carlisle Expo Center on Thursday evening at 4 p.m. There will be inexpensive food, music, lots of great people and around 400 Mopars. Visit Mopar Rebellion on Facebook for more information.

Flea Market Shopping

Finding restoration parts, new products and collectibles should be a breeze on the Midway and in the Automotive Flea Market. Look for vendors by specialty (items they sell) starting on page 28 or find a vendor by name in the alphabetical index starting on page 34. It's even easier to find vendors using our FREE Carlisle Events app. Read more about the app on page 47.

Cars For Sale

From collectible classics to daily drivers, you can find all conditions of vehicles for sale in the Car Corral (near the Pavilion and Gate 7). Title transfer services are available at the Notary Office in the Pavilion. If you need to ship a vehicle, ask for a list of transportation companies at Guest Services. ATMs are in Guest Services and Building T.

Showfield

See page 11 for information about the Showfield, judging and awards. Registration puts your Mopar on the showfield parked with similar vehicles and includes admission for the driver and one passenger all three days. Save 20% on next year's registration during the event (at Guest Services or Registration Office). Children ages 12 and under are free.

Featured Vehicle Displays

Read about our Featured Vehicle Displays on pages 14, 18 and 22. Don't miss the tribute to Mr. Norm on and beside the stage and the automotive art of David Snyder in Building T.

SEE ALL YEARS, MAKES AND MODELS OF MOPARS AND RELATIVES ON THE SHOWFIELD

Young Guns Classes

We were all there at one time or another – being the young person in the Mopar Hobby. Not only is the younger generation the future of the hobby, but we want to encourage them to participate and bring their fresh perspective. Currently, three different classes are offered: Rear Wheel Drive, Truck/Van/SUV and Front Wheel Drive/All Wheel Drive. The goal is to give the Young Guns an area where they can network with their peers and call special attention to their efforts. Classes are open to licensed drivers, age 16-25. Judging is by participant ballot.

Participant Judging

All showfield participants must check in at the Guest Services building for their goody bag, dash card and judging sheet. The judging format is by participant ballot. All showfield participants should choose their favorite car from each class listed on their ballot Saturday 1-4 PM. **Ballots are due by 4:15 PM.** The three cars receiving the most votes in each class will be posted on the Winners List Sunday morning. (See Winners List & Awards.)

Celebrity Choice Judging

All showfield participants are eligible for a Celebrity Choice Award. Celebrity judges make their selections on Saturday. Awards are available to pick up on Sunday at Guest Services.

Club Challenge & Coolest Club

We've challenged clubs to see who has the most vehicles registered for the event. The top three receive awards. Additionally, we offer free rental of a tent to those who have 25+ vehicles. There is also an award for the Coolest Club Hangout which is chosen by our staff.

Winners List & Awards

Winners of the participant judging, celebrity choice judging and club challenge will be posted on the Winners List at 9AM Sunday on our website and outside of Guest Services. After checking the list, winners should pick up their award in Guest Services. Winners may participate in the Awards Parade. Official award parade photos are taken by Eagle Productions Photography and are sold at their booth under the Grandstand.

IF YOU ARE UNABLE TO BE HERE ON SUNDAY:

If you are unable to pick up your award, you have three options:

- 1) pick it up during another event (for up to one year);
- 2) pick it up at our office Mon.-Fri. 8AM - 5PM during non-event time; or
- 3) pay to have it shipped to you. Fees: \$15 (U.S.A.) or \$20 (Canada). Visit **store.carlisleevents.com**, select the event, then choose Award Shipping.

Celebrating the Life of Mr. Norm

STORY BY LARRY WEINER

PHOTOS COURTESY OF THE MR. NORM'S COLLECTION AND LARRY WEINER

The Mopar family lost one of their favorite sons earlier this year, as the man we all know as "Mr. Norm" left us at 87 years young. He may have been an octogenarian, but irrespective of his age, he possessed a passion for life that would not be denied. Never one to keep a low profile, he always enjoyed attending the Carlisle Chrysler Nationals and sharing his unbridled passion with Pentastar faithful.

A man who was not afraid to take the path less traveled, he was one of the few who saw performance and profession-

al racing as the way to build Mr. Norm's Grand Spaulding Dodge, his fledgling automobile dealership, when it opened in 1963. As a young man himself, he recognized something the majority of his peers did not. That was the emerging baby boom generation, and the incredible impact it would have on the automobile industry. Combining his acumen for sales and marketing, he captured the hearts and minds of the youth market that was shunned by the vast majority of his dealer peers. Mr. Norm blazed a trail of his own choosing and in so doing,

quickly earned the respect of the power brokers in Detroit who took notice of his success and encouraged it.

He always kept a keen eye on what the competition offered, and when the 1967 Dart debuted with nothing more potent than a 273, Mr. Norm took matters into his own hands. Taking one of the first Darts to arrive at the dealership in the fall of 1966, he had his team install a 383 four barrel and matching the powertrain from a B-Body into the little A-Body. This became the prototype for what became the Mr. Norm's GSS

Dart, the pocket rocket that put fear into the hearts of Brand X owners everywhere. Never one to rest on his laurels, for 1968 he stuffed a 375 horsepower 440 Magnum into the Dart and raised the bar even higher.

In addition to his exploits selling new high performance Dodge, Mr. Norm teamed up with Gary Dyer in 1965 at the beginning of the funny car era to field nitro burning super-charged Hemi powered cars that were feared by competitors from coast to coast. Whether it was his early altered wheel base Coronets or the later flip top Super Charger funny cars that were the scourge of the Coca Cola Funny Car Cavalcade, Mr. Norm was always known as a tough competitor. He raced to win at the track on the weekends, and during the week he applied the same determination when it came to creating

and selling high performance cars to enthusiasts.

In recent years, Mr. Norm applied talents to late model Challengers, Chargers and Rams. Performance and appearance were always high on his list, and each of the new vehicles he created embodied his time tested approach.

Yes, his accomplishments are the things of legends, but Mr. Norm could be humble and often credited his employees and team members as instrumental in the success he achieved. Whether at the dealership or on the track, he was a force to be reckoned with, and

was well known as a man not to be trifled with. His competitors in both arenas knew this well, and because of it, treated him with respect and even admiration. The kid who grew up on the mean streets of Chicago never forgot where he came from, or how he achieved the success he is remembered for. Mr. Norm set a great example and left us an incredible legacy of performance that we will all continue to enjoy for years to come.

FEATURED VEHICLE DISPLAYS CONTINUED

There's just something about an unrestored Mopar, no matter how rough, that draws us to it. About 20 years ago there was a *really* rough AAR 'Cuda at Fall Carlisle along the back fence that didn't have one usable piece of sheetmetal on it. But it drew crowds all weekend and on Monday all that remained was a 6 ft. by 18 ft. ring of dead grass (and maybe a few chunks of rust). We've done Barn Find displays before and this is the first indoor display for our beloved unrestored Superbirds!

FEATURED VEHICLE DISPLAY: MOPAR SURVIVORS

Mopar Survivor Display

Each car in the Mopar Survivors tent has its own story but one thing they all have in common is that they are AT LEAST 85% original and 25 years old or older. These cars are not “restored to original.” Rather, they still retain a minimum of 85% of the parts and finishes that were installed at the factory. That means original paint, interior and drivetrain.

Minor repairs and maintenance are acceptable, but pretty much everything else needs to be as it came off of the assembly line. Survivors aren’t always perfect, but that’s part of what makes them so cool. They were born with some

orange peel and maybe even a dirt nib or two. And those chips and scratches were earned along the way.

The Mopar Survivors tent is located across from Guest Services and is home to 41 unrestored, original Mopars. They are a great reference for those restoring a car or it’s great just to hear each car’s story. Pictured here are the cars that have never been displayed in the Survivor tent at Carlisle. Stop by and see this incredible display of original Mopars and while you’re there, please thank Mel Major for putting this together for 25 years!

EBAY MOTORS

eBay Motors (eBay.com/motors) is one of the world's largest marketplaces for auto parts. Our unparalleled selection means that eBay Motors will always have the exact item that fits your ride – anything and everything you need to make your whip look cooler, run faster, or express your unique personality.

Our vast selection of parts and accessories for cars and trucks is like none other. But you'll also find tens of thousands of vehicles for sale. eBay's shopping tools allow you to drill down fast to your dream machine, making the browsing and buying experience streamlined and easier than ever. Our vehicle inventory includes rare classics, amazing barn finds, unique builder creations, and hard-working everyday commuters and trucks.

And you can buy with confidence, thanks to the eBay Motors Vehicle Purchase Protection (VPP) plan. It covers up to \$100,000 for vehicle non-delivery, missing title, or

major undisclosed defects. Parts purchased on eBay are similarly covered by the eBay Money Back Guarantee. That's buying with peace of mind.

More than 80 percent of all auto items sold today on eBay are fixed-priced—and sold by small and medium-sized businesses. Best of all, our sellers are just as passionate about cars as you are.

eBay Motors loves walking the grounds and hearing your stories about your car – that is what makes this place so special. It's that passion for everything on wheels that keeps bringing us up back to Carlisle. See you on the fairgrounds and back out on the twisties.

ROCKAUTO

RockAuto.com is an auto parts retailer founded in 1999 by automotive engineers with two goals: Liberate information hidden behind the auto parts store counter (by listing all available parts, not just what one store stocks or one counter-person knows), and make auto parts affordable so vehicles of all ages can be kept reliable and fun to drive.

Today, RockAuto.com ships thousands of parts, from hundreds of manufacturers, to millions of customers all over the world. From fluids and filters for your daily driver, to brakes and ball joints for your classic, to traditionally "dealer only" parts like OE style wheels and switches, RockAuto.com has All The Parts Your Car Will Ever Need at reliably low prices.

Visit RockAuto.com to order auto parts online 24 hours a day, 7 days a week and have them conveniently delivered to your door.
