DIRECT CONNECTION IS BACK!

Unleash Maximum Power with Factory-Proven Performance Parts

There are some cars that are just too special for knock-off performance parts. We ought to know, 'cuz we make those fast, fine cars and the performance parts that go in them.

That's right, Direct Connection has the performance parts made for your vehicle by the same engineers who made your vehicle. Yep, gone are the days of wasted time buying and returning parts or force-fitting your setup. Now you can spend your time doing things like perfecting your victory lap, and all the ones that got you there.

And, if you ever have a question, you can talk to a tech on the Direct Connection Technical Hotline at 800.998.1110, Monday - Friday from 8 a.m. to 6 p.m., and Saturdays from 8 a.m. to 5 p.m. EST.

Connect with Chuck Spieser

Right here at the Dodge Display, you can access the parts catalog on a big screen display while you get answers and intel from Mr. Direct Connection himself, Chuck Spieser, Senior Director for Dodge / Direct Connection Performance.

Fueled by the Drive to Win

Direct Connection started as a passion for the winner's circle when a group of Chrysler engineers formed the legendary Ramchargers drag racing team, a skunk works program that challenged the big-block engines from top competitors.

PENNSYLVANIA TURNPIKE

The Pennsylvania Turnpike Commission, an independent transportation agency that operates in the Commonwealth of Pennsylvania, opened Oct. 1, 1940. It celebrates more than 80 years of operations, and over those eight decades it has received nationwide acclaim as an engineering marvel.

The Turnpike established the national standard for superhighway design and construction more than 16 years before the first U.S. interstate highway. When America's first super-highway opened in 1940, the Turnpike ran 160 miles between Irwin, PA and Carlisle, PA. Today, the PA Turnpike stretches more than 550 miles, triple its original length.

It continues its legacy of innovation in the ground-transportation industry with a modern-day mission to operate a safe, reliable, customer-valued toll road system that supports national mobility and commerce. Recent advances include designing and building award-winning facilities and structures; investing in wider and smoother roadways; and providing traveler benefits such as All-Electronic Tolling,

innovative smartphone apps, and a dedicated 24/7 customer safety and response team.

ROCKAUTO

RockAuto.com is an auto parts retailer founded in 1999 by automotive engineers with two goals: Liberate information hidden behind the auto parts store counter (by listing all available parts, not just what one store stocks or one counter-person knows), and make auto parts affordable so vehicles of all ages can be kept reliable and fun to drive.

The RockAuto catalog is updated daily with parts ranging from brakes and filters for your daily driver, to distributor caps and repair manuals for your classic, to traditionally "dealer only" parts like OE style wheels and electronic components, to collision parts like tail lamps and grilles.

Along with a huge selection, RockAuto offers reliably low prices on the respected brands you know and trust, shipping is fast, and the uniquely helpful catalog is easy to navigate with detailed part information so you can purchase the auto parts you need with confidence.

MOPAR SURVIVORS - TENT IN RED SHOWFIELD

Each car in the Mopar Survivors tent is AT LEAST 85% original and 25 years old or older. These cars are not "restored to original." Rather, they still retain a minimum of 85% of the parts and finishes that were installed at the factory. That means original paint, interior and drivetrain.

Minor repairs and maintenance are accept-

able, but pretty much everything else needs to be as it came off of the assembly line. Pictured here are the cars that have never been displayed in the Survivor tent at Carlisle. Stop by and see this incredible display of original Mopars and while you're there, please thank Mel Major for putting this together for more than 25 years!
