An even cooler aspect of Bruce's demonstrations is that several lucky audience members could be chosen to sit in the cars as they are fired up. # CORVETTES FOR CHIP SHOWFIELD

As many of you know, Chip Miller was not only my father, but my best friend. He loved spending time with my mom, me, my sisters and my family. We lost an avid, passionate Corvette enthusiast and incredible friend when Amyloidosis took him from us, way too early, in 2004.

In 2009, we were fortunate to begin an annual fundraising event for the Chip Miller Amyloidosis Foundation known as Corvettes for Chip. We have had the tremendous support of the York County Corvette Club, Corvette friends and enthusiasts. Traditionally held in early fall it has become a great way to remember my father and support his passion for Corvettes, while raising thousands of dollars towards Amyloidosis research and awareness. **We are pleased that it has become part of the Carlisle GM Nationals.**

## PENNSYLVANIA TURNPIKE

The Pennsylvania Turnpike Commission, an independent transportation agency that operates in the Commonwealth of Pennsylvania, opened Oct. 1, 1940. It celebrates more than 80 years of operations, and over those eight decades it has received nationwide acclaim as an engineering marvel.

The Turnpike established the national standard for superhighway design and construction more than 16 years before the first U.S. interstate highway. When America's first super-highway opened in 1940, the Turnpike ran 160 miles between Irwin, PA and Carlisle, PA. Today, the PA Turnpike stretches more than 550 miles, triple its original length.

It continues its legacy of innovation in the ground-transportation industry with a modern-day mission to operate a safe, reliable, customer-valued toll road system that supports national mobility and commerce. Recent advances

include designing and building award-winning facilities and structures; investing in wider and smoother roadways; and providing traveler benefits such as All-Electronic Tolling, innovative smartphone apps, and a dedicated 24/7 customer safety and response team.

## ROCKAUTO

RockAuto.com is an auto parts retailer founded in 1999 by automotive engineers with two goals: Liberate information hidden behind the auto parts store counter (by listing all available parts, not just what one store stocks or one counter-person knows), and make auto parts affordable so vehicles of all ages can be kept reliable and fun to drive.

Today, RockAuto is a leader in the automotive parts industry shipping thousands of parts, from hundreds of manufacturers, to millions of customers all over the world. The RockAuto catalog is updated daily with parts ranging from brakes and filters for your daily driver, to distributor caps and repair manuals for your classic, to traditionally "dealer only" parts like OE style wheels and electronic components, to collision parts like tail lamps and grilles.

Along with a huge selection, RockAuto offers reliably low prices on the respected brands you know and trust, shipping is fast, and the uniquely helpful catalog is easy to navigate with detailed part information so you can purchase the auto parts you need with confidence.

Visit [RockAuto.com](http://RockAuto.com) to order auto parts for your classic and daily driver 24 hours a day, 7 days a week and have them conveniently delivered to your door.
