IN LOVING MEMORY OF GREG GRIFANA

Long time friend of the Carlisle Truck Nationals, Greg Grifana passed away early this year. His team from G.S. Grifana Car Shows, Inc. have judged our Big Rig Showfield for more than 20 years. Greg supported many other car, truck and motorcycle events as a judge, participant, builder and enthusiast. He was a CDL Class A Driver and veteran of the United States Coast Guard. He was married to the love of his life, Bertie, and resided in Virginia Beach. He was a devoted husband, father, brother, uncle and friend of Carlisle and many other promoters, events, clubs and charity organizations. Thanks for all that you did Greg!

Glow Show

When the sun goes down Saturday night the Big Rig area lights up! You don't see this many impressive light displays on the roadways. The Carlisle Events' staff will choose the coolest lit-up rig to receive a trophy on Sunday.

Big Rig Showfield

All shapes and sizes of big rigs can be found in the Blue Showfield and judging is optional. Awards are given in 15 classes with additional special recognitions.

We are awarding one Big Rig fleet the Coolest Convoy award. The judging criteria is simple; we pick the fleet that seems to be having the best time. The winning fleet will receive a Coolest Convoy banner. The Fleet Challenge is based on number of trucks registered. The fleet with the most registered Big Rigs will receive a congratulatory Fleet Challenge banner.

SHOWFIELD WINNERS LIST & AWARDS

On Friday, our staff will check out all the showfields and choose ten trucks to receive Carlisle Elite awards. Awards are presented as trucks are chosen.

Winners' Lists are posted Sunday morning (see schedule on page 17 for details). Winners are encouraged to participate in the Winners' Parades.

SHOWFIELDS & CLUBS

Green Showfield

Non-judged trucks may park with their club in designated areas (signs are placed at club boundaries) or in a non-club area anywhere on the Green Showfield. The **Low Show** is a designated area for anyone with a lowered truck.

We've challenged clubs to see who has the most vehicles registered. The top three receive awards. Additionally, we offer free rental of a tent to those who have 25+ vehicles.

Red Showfield

Trucks registered for the judged competition park by class in the Red Showfield. Judging standards are available at Guest Services.

WILLIAMS GROVE HISTORICAL STEAM ENGINE ASSOCIATION

The Williams Grove Historical Steam Engine Association (WGHSEA) was formed with the purpose of preserving steam powered equipment and to educate the public about the history of farming. Every year they hold a nine-day show ending on Labor Day where people can display and use their equipment as well as see demonstrations of how things were done in the past.

OLD FIRE FARTS

The Old Fire Farts hail from York County, PA and are dedicated to the preservation of the fire service for future generations. They collect and preserve historical fire information, equipment and memorabilia. They raise funds to support local fire

departments as well as for educational grants and scholarships for emergency response personnel such as firefighters, EMTs, emergency managers and other first responders. For information on their Fire Apparatus Muster event in York, PA this fall or their organization, visit: www.facebook.com/groups/oldfirefarts

AMERICAN TRUCK HISTORICAL SOCIETY

The not-for-profit American Truck Historical Society was formed in 1971 to preserve the history of trucks, the trucking industry, and its pioneers. The American Trucking Association officially recognizes the ATHS as the "duly authorized organization founded to record and develop trucking industry historical data."

We are pleased to welcome members of the ATHS and their trucks are displayed near the Pavilion.

AMERICAN FORCE WHEELS

Established in 2003 in Miami, FL, American Force has risen from humble beginnings to become the certified leader in forged wheels for trucks, jeeps, SUVs and UTVs. We have remained at the forefront of the industry for well over a decade, innovating new products and setting trends for the market to follow. The success of our business is built on one singular goal and philosophy – to deliver the absolute highest quality custom forged wheels money can buy.

All aspects of the wheel creation process – from design and engineering, to machining and finishing – are handled entirely in-house at our facility in Miami. This gives us a level of control, flexibility and efficiency that is rarely matched. We can guarantee the quality of every single wheel that leaves our building, and we back it up with a lifetime structural warranty.

If you're ready to give your vehicle the durability, strength and bold style that it deserves, then take the next step, and see what it's like to ride on a set of Forces. Proudly crafted in the United States of America.

PENNSYLVANIA TURNPIKE

The Pennsylvania Turnpike Commission, an independent transportation agency that operates in the Commonwealth of Pennsylvania, opened Oct. 1, 1940. It celebrates more than 80 years of operations, and over those eight decades it has received nationwide acclaim as an engineering marvel.

The Turnpike established the national standard for superhighway design and construction more than 16 years before the first U.S. interstate highway. When America's first super-highway opened in 1940, the Turnpike ran 160 miles between Irwin, PA and Carlisle, PA. Today, the PA Turnpike stretches more than 550 miles, triple its original length.

It continues its legacy of innovation in the ground-transportation industry with a modern-day mission to operate a safe, reliable, customer-valued toll road system that supports national mobility and commerce. Recent advances

include designing and building award-winning facilities and structures; investing in wider and smoother roadways; and providing traveler benefits such as All-Electronic Tolling, innovative smartphone apps, and a dedicated 24/7 customer safety and response team.
